PRACTICE NURSE CLINICS

Spring Farm Surgery

MON	no clinic	no clinic
TUE	0830—1230	1400—1900
WED	0830—1230	no clinic
THUR	no clinic	no clinic
FRI	0830—1230	no clinic

We have nurse-led clinics for **ASTHMA, COPD, DIABETES** and **CORONARY HEART DISEASE**.
The nurse also deals with health checks, vaccinations and cervical cytology.

APPOINTMENTS

Consultations are by appointment by calling at the surgery in person or by telephoning the practice. If you believe you need an urgent appointment we will try to fit you in to see the doctor or nurse on the same day but this process is made much easier if you call first thing in the morning. Doctor and nurse are also available on the telephone. **If you are unable to keep an appointment please contact the surgery as soon as possible to enable us to give the appointment to someone else.**

PRESCRIPTIONS

Repeat prescriptions are computerised and are issued by written request. Tick what you require on your prescription counterfoil or any piece of paper will do with your name and date of birth on it. Hand this into reception or post or fax it to us. We can arrange for a chemist to collect the prescription from us if you indicate on the request which chemist you wish to use. We will post the prescription back to you if you supply a stamped addressed envelope.

Electronic Prescriptions are available with certain pharmacies. You can nominate a pharmacy and your prescription will be sent electronically without the need for a paper prescription. You just request your prescription from us and then go to the nominated pharmacy to collect your medication. The pharmacy will provide the repeat slip for you to re order repeat medication. See reception for more details.

Two working days notice are required for routine repeat prescriptions.

Only housebound patients can telephone for a repeat.

Please see in reception for details of how to register for online prescription requests.

HOME VISITS

If possible please try to telephone before 10am. Doctor may phone you back as it may be that your problem can be dealt with by telephone advice, or that it would be more appropriate to send a nurse, or indeed arrange a hospital attendance. Home visits are only available for patients who are housebound because of illness or disability.
